Emethy's® Rose formula is pure, natural, uncut and infused with vital energy.

Rose is one of the highest vibrational plants on the planet. Emethy's® **Rose** has been shown to vibrate beyond 320 MHZ, while a healthy human body vibrates between 70-80 MHZ.

Rose transports a powerful invitation to raise one's individualized vibration for expanded awareness, clear consciousness and to experience the feeling of Love. The Rose also represents Divine Love, reminding human beings that no matter what, they are always Loved irrespective of where they have ever been or what they ever have done. Rose evokes Divine Love in your Life. Rose is also said to heal the connection between mind, body and spirit so that one may experience more love, purity, and a sense of well being.
